DRAFT MINUTES

SURVEILLANCE ADVISORY BOARD SPECIAL MEETING MINUTES

April 28, 2025
Vallejo Council Chambers
555 Santa Clara Street
Vallejo, CA 94590

1. **CALL TO ORDER** *Meeting called to order 6:02 p.m.*

2. **PLEDGE OF ALLEGIANCE**

3. **ROLL CALL**

Present: *Stewart, Reddell, Pasholk, and Moreno*

Absent: *Lee, due to illness.*

Staff present: *Secretary Ashraf*

Council Liaison: *Peter Bregenzer*

4. **FIRST COMMUNITY** *No public comments.*

5. **CONSENT CALENDAR AND APPROVAL OF AGENDA**

Approve meeting minutes of March 27, 2025 and approval of the agenda.

Moved: Stewart

Second: Pasholk

Vote: Ayes Reddell, Moreno, Pasholk, and Stewart

Abstain: none

6. **REPORT OF THE SECRETARY**

Board Secretary Ashraf reported the following items:

1) *Board interviews took place on April 23rd, 2025. City Council will make appointments on May 13th Council Meeting.*

2) *A web page documenting the work board has performed has been created. The link will be shared with board members. Going forward, anything that the board approves or reviews will be documented in this page.*

7. **CITY ATTORNEY'S REPORT** *(None)*

8. **CITY COUNCIL LIAISON REPORT** *(None)*

9. **REPORT OF BOARD MEMBERS** *(None)*

10. **ACTION CALENDAR**

(ACTION ITEM 10-A) ADOPTION OF A RESOLUTION RECOMMENDING/NOT RECOMMENDING DEPLOYMENT OF AUTOMATED RED LIGHT CAMERA TECHNOLOGY BY THE VALLEJO POLICE DEPARTMENT WITH THE BOARD

TO DISCUSS AND MAKE CHANGES TO THE RESOLUTION DURING THE MEETING.

Captain Bautista briefly presented and recapped this item as this item has been discussed in the previous meetings in length. Board members deliberated and decided that that the city should move forward with this technology. The board worked with Chief Assistant Attorney Risner in creating a resolution that will be brought back to the board for adoption on their next meeting. Once the board adopts the resolution then their recommendation will be sent to the City Council to provide further direction to Vallejo PD to proceed with the deployment of ARLES (automated redlight enforcement system).

(ACTION ITEM 10-B) DISCUSSION OF THE VALLEJO POLICE DEPARTMENT POLICY CONCERNING THE FLOCK RAVEN GUNSHOT DETECTION SYSTEM

Captain Bautista and Lt. Tai presented this item and informed the board that the Flock Raven policy is good to go. The changes recommended by the board are accepted with the exception of mention the board name in the policy. The board deliberated and gave direction to Chief Assistant City Attorney Risner to create a resolution that can be adopted in board's next meeting.

11. INFORMATION CALENDAR

a. TECHNOLOGY USAGE REPORTS

Captain Bautista and Lt. Tai went through the technology reports. Board had no questions on the technology reports presented by VPD staff.

b. RAVEN AD-HOC COMMITTEE REPORT

Captain Bautista presented the RAVEN gunshot technology usage report.

12. FUTURE AGENDA ITEMS

13. ADJOURNMENT *Meeting adjourned 7:03 p.m.*

SIMON LEE, VICE CHAIR

ATTEST:

NAVEED ASHRAF
CHIEF INNOVATION OFFICER/IT DIRECTOR

DATE: May 29, 2025
TO: Surveillance Advisory Board Chair and Members of the Board
FROM: Jerome Bautista, Police Captain
SUBJECT: **ADOPTION OF A RESOLUTION RECOMMENDING DEPLOYMENT OF AUTOMATED RED LIGHT CAMERA TECHNOLOGY BY THE VALLEJO POLICE DEPARTMENT AND FORWARD THIS RECOMMENDATION TO THE VALLEJO CITY COUNCIL.**

RECOMMENDATION

The Surveillance Advisory Board to adopt a resolution recommending to the Vallejo City Council to move forward with the deployment of the red-light enforcement system in the city of Vallejo.

BACKGROUND AND DISCUSSION

As per Vallejo City Council's request, the Surveillance Advisory Board has been asked to review the automated red light camera technology, also known as ARLES. It is the City Council's desire to explore this technology to assist the Vallejo Police Department in catching folks violating traffic laws in the city. Captain Bautista presented to the board in the previous three meetings, making the case that deployment of this technology will add more administrative burden to the already severely understaffed Vallejo Police Department. Captain Bautista presented a detailed memo to the Board with his reasons. The detailed memo is attached with this staff report as attachment 1. Captain Bautista's concern and focus has been on financial and staff capacity to carry out this program efficiently.

On March 27th, 2025, the Surveillance Advisory Board liaison, Vallejo Vice Mayor Peter Bregenzer, requested that the board not focus on the financial and staffing aspects of the technology deployment, but focus on the various privacy issues surrounding this technology and, after their review, make a recommendation to the Vallejo City Council in the form of a resolution recommending or not recommending the deployment of automated red-light camera technology.

On April 28, 2025, the Surveillance Advisory Board met in a special meeting and discussed this item. Captain Bautista presented six agencies and their usage scenarios to the board. The board asked several questions and explored various privacy concerns around this technology. After careful deliberation, the board recommended that there are no concerns with deploying this technology in the City of Vallejo. The board gave directions to the Chief Assistant Attorney, Risner, to create a resolution that would be brought back in May for the board to vote and send to the Vallejo city council.

**A RESOLUTION OF THE CITY OF VALLEJO SURVEILLANCE ADVISORY BOARD
RECOMMENDING THE USE OF AUTOMATED RED LIGHT ENFORCEMENT
SYSTEMS WITHIN THE CITY OF VALLEJO**

WHEREAS, the City of Vallejo Surveillance Advisory Board (the “Board”) has been tasked with reviewing the deployment and use of surveillance technology by City Departments as well as the policies associated therewith, and making recommendations to the requesting Department Head with copies to the City Council, City Manager and City Attorney; and

WHEREAS, the City Council requested that the Board review and consider the deployment of an Automated Red Light Enforcement System (“ARLES”) within the City of Vallejo; and

WHEREAS, the Vallejo Police Department has presented information to the Board concerning the use of ARLES within the City of Vallejo; and

WHEREAS, the Board has considered potential privacy issues concerning the use of ARLES.

NOW, THEREFORE, THE SURVEILLANCE ADVISORY BOARD OF THE CITY OF VALLEJO DOES RESOLVE AS FOLLOWS:

1. Based upon the above recitals and the information provided by the Vallejo Police Department concerning ARLES, the Board finds that it has no significant concerns concerning privacy related to such a system.
2. The Board further finds that the proposed use of ARLES within the City of Vallejo is beneficial to the City and its residents.
3. The Board further recommends that the City Council consider the use of ARLES after reviewing the use of said systems in detail.
4. The Board further recommends that if, after review, the City Council determines that ARLES is beneficial for the City of Vallejo, that the City Council acquire and deploy the system.
5. The Board requests that if the City Council determines that the City will acquire an ARLES system that the Vallejo Police Department be directed to work with the Board in drafting a VPD policy concerning use of the system.

DATE: May 29, 2025
TO: Surveillance Advisory Board Chair and Members of the Board
FROM: Jerome Bautista, Police Captain
SUBJECT: **ADOPT A RESOLUTION TO APPROVE THE GUN SHOT DETECTION TECHNOLOGY POLICY.**

RECOMMENDATION

Discuss the Flock Raven policy with the representatives of the Vallejo Police Department.

BACKGROUND AND DISCUSSION

The Surveillance Advisory Board formed an ad-hoc committee to work directly with the Police Department personnel to develop the policies and review usage limitations and effectiveness of the beta RAVEN auditory detection system by FLOCK. On November 21, 2024, the board selected the following ad-hoc committee members:

1. Simon Lee (Vice Chair)
2. Mike Moreno (Board Member)
3. Stephen Pasholk (Board Member)
4. Jerome Bautista (Police Captain)

The ad-hoc committee has met a few times and has reviewed the RAVEN Draft policy and made recommendations. The recommendations will be discussed with the board in an open session to finalize the policy discussion. The draft policies attached with the staff report.

**A RESOLUTION OF THE CITY OF VALLEJO SURVEILLANCE ADVISORY BOARD
TO APPROVE THE FLOCK RAVEN GUNSHOT DETECTION TECHNOLOGY
POLICY.**

WHEREAS, the City of Vallejo Surveillance Advisory Board (the “Board”) has been tasked with reviewing the deployment and use of surveillance technology by City Departments as well as the policies associated therewith, and making recommendations to the requesting Department Head with copies to the City Council, City Manager and City Attorney; and

WHEREAS, the Board appointed an ad hoc committee to work with the Vallejo Police Department concerning Flock Gun Shot Detection System policy (the “Policy”); and

WHEREAS, the Vallejo Police Department and the ad hoc committee have met on several occasions to discuss the Policy and the committee has provided recommendations; and

WHEREAS, the Board has considered the changes recommended by the ad hoc committee.

NOW, THEREFORE, THE SURVEILLANCE ADVISORY BOARD OF THE CITY OF VALLEJO DOES RESOLVE AS FOLLOWS:

1. That the Board recommends that the Chief of Police adopt the changes detailed in Exhibit A attached hereto and incorporated by this reference.

EXHIBIT A

Vallejo Police Department
Vallejo PD Policy Manual

Gun Shot Audio Detection - Flock Safety Technology "Raven"

434.1 PURPOSE AND SCOPE

Agency Content

The purpose of this policy is to establish guidelines for the use of Gun Shot Audio Detection (GSAD) technology. The Department currently uses Flock Safety Technology "Raven" for GSAD.

434.2 POLICY

Agency Content

It shall be the policy of the Department to properly utilize GSAD technology to enhance the Department's ability to respond to and investigate violent crimes involving illegal gunfire, e.

434.3 GENERAL PROCEDURES

Agency Content

(a) GSAD uses audio sensors placed in selected areas to identify the location of gunfire which will be the equipment's primary function, however, the system also has the ability to detect firework and sideshow activity.

(b) GSAD recognizes and records gunfire within a geographical area and relays that information immediately to the Department's communications center alerts all active Mobile Data Terminal (MDT) if logged into the GSAD system. Based on the information from GSAD, a call for service will be entered into the Computer Aided Dispatch (CAD) system.

(c) GSAD provides an accessible audio recording of the incident to the MDT (patrol vehicle) and users logged into the system from a desktop.

(d) Flock Safety is responsible for the storage of all audio recording and related information and will retain the information for a period of 30 days.

(e) The Operations Captain will supervise or designate a project supervisor to oversee the installation and data collection of the GSAD program. Information generated by the GSAD system will be tracked by the project supervisor.

(f) GSAD incident reports and audio recordings shall not be released to the public, media, or other outside entity without the authorization of the Operations Captain or higher authority.

(g) Police personnel shall not provide to the public the location or description of the GSAD sensors.

434.3.1 COMMUNICATIONS CENTER RESPONSIBILITIES

Commented [1]:

General "Global" comments on current Draft Policy:

(1) There is no mention regarding staff accountability, related measures, and reasonable disciplinary actions / consequences should Raven technology be misused willfully, negligently, or accidentally.

Added 434.3 Operations which prohibits unlawful use

(2) Recommend adding language that describes how VPD will inform the SAB and/or Council about relevant procedures and metrics in the administration of this policy that is consistent with Council guidance / instruction of how VPD should inform Council / SAB.

No other VPD policy I am aware of references any board groups to include SAB or City Council (unless legal requirements such as AB481). I believe City Chapter 2.27 governs SAB and their role which VPD follows.

(3) Recommend adding language around required training in order to use Raven Technology and a commitment that only those duly trained will have access to Raven data including recordings.

Added training to the general procedures. All GSAD users were provided initial training during the implementation of the system. New members will be provided training on GSAD prior to accesses the system.

(4) Recommend an inventory listed by job title (Police officer, dispatcher, supervising Officers, etc.) who have access to Raven data including recordings.

Commented [2]:

Related to comment below in 434.3 (a) below, if VPD wishes to put firework and sideshow detection, these other crimes should be added here in addition to the how this data will be processed and used by VPD.

Modified to read, "...respond and investigate sideshows, fireworks, and violent crimes involving illegal gunfire."

Commented [3]:

What is VPD's purpose in referencing these here?

There is scant mention of this on the policy draft. Exactly How RAVEN will be used for these non gun fire crimes needs to be fleshed out in much more detail.

Gunfire detection is the primary function of Raven, however, we wanted to ensure transparency in what Raven's capabilities are.

Commented [4]:

Per VPD commentary at SAB meetings, VPD must add all specific exceptions (including timeframes and relevant protocols) to this 30 day retention period here (e.g., ongoing crime investigation, ongoing litigation, internal audit review, etc.)

We added 434.5 and 434.6 in regards to Data Collection and Time Frames, as well as, accountability and safeguards.

Vallejo Police Department

Vallejo PD Policy Manual

Gun Shot Audio Detection - Flock Safety Technology "Raven"

(b) The dispatcher entering the incident will shall classify the GSAD incident as a Priority 2 call for service.

(c) The dispatcher entering the call for service shall include a detailed location of the incident and the information captured by GSAD, which may include

1. A single gun shot detection
2. A multi gun shot detection

(d) Dispatchers receiving additional calls from citizens reporting sounds of shots fired should supplement the original GSAD incident and include specific information pertinent to the dispatch of the incident, which may include

1. A confirmed shooting victim.
2. A description of any involved subject(s).
3. A description of any involved vehicles.
4. Information about a discarded weapon or evidence of a shooting.

(e) The radio dispatcher shall ensure any units responding are assigned to the original GSAD incident.

(f) The radio dispatcher shall remain attentive to possible related calls for service in the vicinity of the GSAD incident.

1. Pertinent information provided by citizens shall be relayed to responding units.
2. Duplicate calls shall be added to the original GSAD incident.

(g) Upon confirmation of an actual shooting, the radio dispatcher shall coordinate the response of additional units and medical aid if needed.

434.3.2 OFFICER RESPONSIBILITIES

Agency Content

(a) When a GSAD alert is received, available patrol units in proximity as the incident shall respond to the location and advise dispatch over the police radio that they are en route.

(b) Responding officers shall treat the incident as a crime in progress and take a safe and strategic approach to the incident.

(c) If equipped with a field-based system (MDT), officers shall review the audio at the scene to assist in the investigation.

(d) Responding officers shall complete a neighborhood canvass in the area of the activation.

DRAFT

Gun Shot Audio Detection System

434.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of Gun Shot Audio Detection (GSAD) technology. The Department currently uses Flock Safety Technology "Raven" for GSAD.

434.2 POLICY

It shall be the policy of the Department to properly utilize GSAD technology to enhance the Department's ability to respond to and investigate sidseshows, fireworks, or violent crimes involving illegal gunfire

434.3 OPERATIONS

Use of GSAD is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose

- (a) GSAD shall only be used for official law enforcement business.
- (b) GSAD may be used in conjunction with any routine patrol operation or criminal investigation.

The GSAD system, and all data collected, is the property of the Vallejo Police Department. Department personnel may only access and use the GSAD system for official and legitimate law enforcement purposes consistent with this policy.

Anyone who engages in an impermissible use of the GSAD system may be subject to:

- (a) Criminal prosecution,
- (b) Civil liability, and/or
- (c) Administrative sanctions, up to and including termination, pursuant to and consistent with the relevant collective bargaining agreements and Department policies.

434.4 GENERAL PROCEDURES

- (a) All users were provided initial training on GSAD during the implementation of the system. New users will be provided training on the proper use of GSAD prior to accessing the GSAD system.
- (b) GSAD uses audio sensors placed in selected areas to identify the location of gunfire which will be the equipment's primary function, however, the system also has the ability to detect firework and sidseshow activity.
- (c) GSAD recognizes and records gunfire within a geographical area and relays that information immediately to the Department's communications center alerts all active Mobile Data Terminal (MDT) if logged into the GSAD system. Based on the information from GSAD, a call for service will be entered into the Computer Aided Dispatch (CAD) system.
- (d) GSAD provides an accessible audio recording of the incident to the MDT (patrol vehicle) and users logged into the system from a desktop.
- (e) Flock Safety is responsible for the storage of all audio recording and related information and will retain the information for a period of 30 days.

- (f) The Operations Captain will supervise or designate a project supervisor to oversee the installation and data collection of the GSAD program. Information generated by the GSAD system will be tracked by the project supervisor.
- (g) GSAD incident reports and audio recordings shall not be released to the public, media, or other outside entity without the authorization of the Operations Captain or higher authority.
- (h) Police personnel shall not provide to the public the location or description of the GSAD sensors.

434.4.1 COMMUNICATIONS CENTER RESPONSIBILITIES

- (a) GSAD incidents shall be entered as a call for service (10-75R).
- (b) The dispatcher entering the incident will shall classify the GSAD incident as a Priority 2 call for service.
- (c) The dispatcher entering the call for service shall include a detailed location of the incident and the information captured by GSAD, which may include:
 - 1. A single gun shot detection
 - 2. A multi gun shot detection
- (d) Dispatchers receiving additional calls from citizens reporting sounds of shots fired should supplement the original GSAD incident and include specific information pertinent to the dispatch of the incident, which may include:
 - 1. A confirmed shooting victim
 - 2. A description of any involved subject(s)
 - 3. A description of any involved vehicles
 - 4. Information about a discarded weapon or evidence of a shooting
- (e) The radio dispatcher shall ensure any units responding are assigned to the original GSAD incident.
- (f) The radio dispatcher shall remain attentive to possible related calls for service in the vicinity of the GSAD incident.
 - 1. Pertinent information provided by citizens shall be relayed to responding units
 - 2. Duplicate calls shall be added to the original GSAD incident
- (g) Upon confirmation of an actual shooting, the radio dispatcher shall coordinate the response of additional units and medical aid if needed.

434.4.2 OFFICER RESPONSIBILITIES

- (a) When a GSAD alert is received, available patrol units in proximity of the incident shall respond to the location and advise dispatch over the police radio that they are en route.
- (b) Responding officers shall treat the incident as a crime in progress and take a safe and strategic approach to the incident.
- (c) If equipped with a field-based system (MDT), officers shall review the audio at the scene to assist in the investigation.
- (d) Responding officers shall complete a neighborhood canvass in the area of the activation.

Gun Shot Audio Detection System

434.5 DATA COLLECTION AND RETENTION

The Operations Captain is responsible for ensuring systems and processes are in place for the proper collection and retention of GSAD data.

All GSAD should be stored for no longer than one year, and in accordance with the established records retention schedule. Thereafter, GSAD data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

GSAD vendor, Flock Safety will store the data (data hosting) and ensure proper maintenance and security of data stored in their data towers. Flock Safety will purge their data at the end of the 30 days of storage.

Restrictions on use of GSAD data:

- (a) Information gathered or collected, and records retained by Flock Safety cameras or any other Department GSAD system will not be sold, accessed, or used for any purpose other than legitimate law enforcement or public safety purposes.

434.6 ACCOUNTABILITY AND SAFEGUARDS

All data will be closely safeguarded and protected by both procedural and technological means.

- (a) All non-law enforcement requests for access to stored GSAD data shall be processed in accordance with applicable law.
- (b) All GSAD data downloaded to the mobile workstation shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date, and time.
- (c) Persons approved to access GSAD data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or Department related civil or administrative action.
- (d) Such GSAD data may be released to other authorized and verified law enforcement officials and agencies for legitimate law enforcement purposes.
- (e) Every GSAD detection browsing inquiry must be documented by either the associated Vallejo Police case number or incident number, and/or a reason for the inquiry.

For security or data breaches, see the Records Release and Maintenance Policy.

FROM: Jeff Tai, Police Lieutenant
SUBJECT: **TECHNOLOGY USAGE REPORTS: DRONES, CELL SITE SIMULATOR, RAVEN GUNSHOT DETECTION BETA PROJECT, AND FLOCK ALPR CAMERAS**

RECOMMENDATION

Surveillance Advisory board to receive technology usage reports on a monthly basis. No action is needed. This is an informational item.

BACKGROUND AND DISCUSSION

This is a standing item. The Surveillance Advisory Board has requested that Vallejo Police Department provide detailed reports on the usage of the following technologies in place and routinely utilized by the Vallejo Police Department:

- Unmanned Aerial System Technology (Drones)
- Cell Site Simulator
- Flock ALPR (Automated License Plate Reader)
- RAVEN - Beta Auditory Detection System

Vallejo Police Department Cell Site Simulator (CSS) Deployment Log Calendar Year 2025

The Vallejo Police Department recognizes the public interest in ensuring that cell site simulator technology is appropriately used and monitored and seeks to be transparent with its usage. Please note that the cell site simulator is merely an investigative tool to find a cell phone. Results from the cell site simulator alone are never used establish probable cause for an arrest or search.

A deployment is defined as any time the cell site simulator is turned on and used to find a target phone. The cell site simulator might be deployed several times to find the same phone even if previously successfully located. Each deployment in the log is not necessarily a separate phone that was searched for. An arrest is not necessarily effected even if a phone is located. There are many factors that determine when and arrest will be effected.

Authorized Purpose Codes:

- (A) Locate missing persons
- (B) Locate at-risk individuals
- (C) Locate victims of mass casualty incidents
- (D) Assist in felony investigations
- (E) Apprehend fugitives

****In the event a search warrant is (N*) NOT obtained due to special circumstances, an explanation will be provided in a separate attachment****

DATE: May 29, 2025
TO: Surveillance Advisory Board Chair and Members of the Board
FROM: Jerome Bautista, Police Captain
SUBJECT: **FLOCK RAVEN GUNSHOT DETECTION BETA PROJECT AD-HOC COMMITTEE REPORT**

RECOMMENDATION

The chair to update the board on the RAVEN ad-hoc committee's findings. Information item only. No action needed.

BACKGROUND AND DISCUSSION

The members of the ad-hoc committee can update the board on new information on the RAVEN gunshot detection beta technology.
