**A) ELECTION OF VICE-CHAIR FOR MEASURE P COMMITTEE**

**Action:** Nomination made by Chair Tibet to elect Commissioner Jones as Vice-Chair, Commissioner Jones accepts. McDonald makes a motion, seconded by Tibet, motion carries unanimously.

**B) ADOPT A RESOLUTION RECOMMENDING OR, IN THE ALTERNATIVE NOT RECOMMENDING, THAT THE CITY COUNCIL AUTHORIZES \$1,501,862 OF MEASURE P FUNDS TO PARTIALLY FUND AN AGREEMENT WITH FELTON INSTITUTE FOR THE IHART PROGRAM.**

**Action:** Moved by Commissioner Briseno, seconded by Commissioner Gaddies, Commissioner McDonald recused herself. Motion carries.

**C) ADOPT A RESOLUTION, RECOMMENDING OR, IN THE ALTERNATIVE, NOT RECOMMENDING THAT ALL PRESENTATIONS BE LIMITED TO 15 MINUTES.**

**Action:** Moved by Commissioner Briseno, seconded by Commissioner Jones, motion carries unanimously.

**D) ADOPT A RESOLUTION RECOMMENDING OR, IN THE ALTERNATIVE, NOT RECOMMENDING THE REQUIREMENT OF DEPARTMENTS TO REPORT ANY FUNDS THAT HAVE NOT BEEN USED WITHIN TWO HUNDRED DAYS OF ALLOCATION.**

**Action:** Moved by Commissioner Gaddies, seconded by Commissioner Briseno, motion carries unanimously.

**11 FUTURE AGENDA ITEMS**

Request for School District or local Organizations providing Youth Programs to present to Measure P.

**12 ADJOURNMENT 6:55 P.M.**

**DATE:** June 9, 2025  
**TO:** Measure P Oversight Committee Chair and members of the Committee  
**FROM:** Oscar Alcantar, Interim Public Works Director  
Marl Helmbrecht, Transportation Program Superintendent  
**SUBJECT:** **ADOPT A RESOLUTION RECOMMENDING OR, IN THE ALTERNATIVE, NOT RECOMMENDING THAT THE CITY COUNCIL AUTHORIZE \$1 MILLION OF MEASURE P FUNDING FOR ENGINEERING OF THE 2026 ROADWAY PAVING RESTORATION AND RENEWAL PROJECTS.**

---

**RECOMMENDATION**

Adopt a resolution recommending or, in the alternative, not recommending that the City Council authorize \$1 million of Measure P funding for the 2026 roadway paving restoration and renewal projects.

**BACKGROUND AND DISCUSSION**

Improving conditions of Vallejo's roadway network is a key outcome expected to be delivered by the Measure P tax measure. A request to support staff's recommendation for Measure P funding in the amount of \$1 million is being made to so engineering/planning work can commence in Fiscal Year 2025-26 for two major pavement rehabilitation efforts during the summer 2026 paving season in an effort to continue the annual, increased investment in improving Vallejo's roadway network.

In March 2024, City Council authorized the City Manager to pursue a bond issuance of up to \$120 million to fund 9 years of increased investment in Vallejo's streets. The bonds would be paid off over 20-30 years with Measure P revenues. Public Works, working with the Finance Director, engaged bond counsel and has been working on options for bonding. With the change-over in City management, a new Council being elected, and advancement of the plans for reconstruction of the Vallejo Police Building, City leadership has elected to defer decisions on bonding actions. In order to keep the annual pavement preservation efforts going, Public Works is asking for direct allocation of Measure P funds to continue the pavement improvement effort during this time.

In Fiscal Year 2023-2024, with the Measure P Oversight Committee's (MPOC) recommendation, City Council approved an initial allocation of \$5 million of Measure P funding to initiate a multi-year investment in improving Vallejo's streets. Of the \$5 million allocated, \$1 million was to jump-start the planning and engineering of a ten-year plan to rehabilitate the City's streets. Public Works has contracted with Nichols Consulting Engineers (NCE) to work on the ten-year planning effort.

The MPOC voted unanimously at the January 23, 2025, meeting to support a recommendation to City Council to allocate \$10 million of Measure P funding for paving projects that will commence in the summer of 2025. City Council approved this budget amendment on April 8, 2025, through Resolution No. 25-041.

For the 2025 paving program, Public Works directed Nichols Consulting Engineers (NCE) to develop a ~\$3M surface seal project using cape seal for local and residential streets. NCE didn't have engineering capacity to also quickly deliver the pavement rehabilitation project, so Public Works engaged another on-call engineering firm, Coastland Engineer, to engineer the ~\$7M grind and overlay paving project for arterial and major collector roadways that carry heavier traffic loads. Design/engineering of these projects is being completed

**Subject: ADOPT A RESOLUTION RECOMMENDING OR, IN THE ALTERNATIVE, NOT RECOMMENDING THAT THE CITY COUNCIL AUTHORIZE \$1 MILLION OF MEASURE P FUNDING FOR ENGINEERING OF THE 2026 ROADWAY PAVING RESTORATION AND RENEWAL PROJECTS.**

now so they can go out to bid for construction this summer/fall.

Staff are now looking ahead to the 2026 paving program. Similar to the paving program for 2025, Public Works anticipates two paving packages including a surface seal treatment focused on local/residential street segments throughout Vallejo and a pavement rehabilitation package for the asphalt focused on arterial and collector streets. It is anticipated construction costs will continue to increase and that the Summer 2026 paving program will have a construction cost of \$11M. In May 2025, staff requested support from the MPOC for a recommendation to City Council to authorize \$12 million in Measure P funding for the engineering and construction of the 2026 projects. The MPOC voted not to support the recommendation, citing the need for further direction from City Council regarding funding priorities. Pending additional guidance from Council, staff is revising the funding request to \$1 million to complete the engineering and preparation of construction plans, specifications, and estimates (PS&E) bid packages for the 2026 paving season (scheduled for summer/fall 2026).

Public Works has NCE completing two tasks currently that will be used to determine the street segments included in the 2026 paving program. NCE evaluated all street segments in Vallejo and updated our Streetsaver Database to produce a 2025 Pavement Management Report. This work was funded under a grant from the Metropolitan Transportation Commission (MTC), and this evaluation of our roadway network occurs every three years.

In addition, the City contracted with NCE to deliver a 10-year paving plan for Vallejo. This work is in process and the plan will be delivered in the coming months. The recommendations of this plan will be evaluated annually and are subject to change in order to move segments earlier or later based upon other needs of the City, such as coordination of planned utility work, being able to deliver other improvements such as traffic-calming, or sideshow deterrent measures. The list of streets to be included in the 2026 projects will be shared as soon as they are finalized.

Although \$10 million from the Measure P budget was recently allocated for the 2025 project, the lead time required for project design, bidding, and awarding construction contracts ahead of the paving season necessitates early action. To ensure the project starts on time and avoid delays caused by funding gaps or the lengthy budget amendment process, staff are requesting an additional \$1 million from Measure P funds at the beginning of Fiscal Year 2025-2026, rather than waiting for the mid-year budget cycle. This request is consistent with Measure P's funding priorities, particularly the focus on repairing deteriorating roads. Should the MPOC agree to support the recommendation to authorize \$1 million of Measure P funding in today's action, staff will return to the committee in the fall to request support of the remaining needed \$11 million to complete the 2026 road projects detailed above.

**FISCAL IMPACT**

In FY 2023-24, \$1 million of Measure P funding was allocated to initiate the City's cyclic pavement management program. For FY 2024-25, the MPOC recommended that Council allocate \$10 million of Measure P funding to deliver a \$7 million grind and overlay project and a \$3 million cape seal project to be delivered in summer 2025. This recommendation for \$1 million is for work being planned for summer 2026 and is in addition to the previously recommended funding which is in the process of being invested to improve Vallejo's roads.

## PROJECT SUMMARY & JUSTIFICATION

---

**AGENDA ITEM TITLE:** \$12M for repaving/resurfacing Vallejo streets

### 1. Project Urgency & Justification

**Urgency:** A key objective of Measure P's approval was to address and improve Vallejo's deteriorating road conditions—currently the worst in the Bay Area. Pavement deterioration follows a well-established curve, and Vallejo's roads are now in the critical phase where delays in treatment significantly increase long-term repair costs. Public Works has implemented a cyclical program to plan, engineer, and deliver major paving projects annually. To sustain this momentum and avoid escalating infrastructure costs, consistent yearly funding is essential.

---

### 2. Project Timeline

**Start Date:** These funds for Engineering are needed now in order to have the Plans, Specifications, & Estimates (PS&E) completed by this winter. The City should bid out these projects starting in early January and award contracts by the end of March so that contractors have all summer/fall to complete the work. There will be a follow up request for \$11M to fund the construction, which is scheduled to begin in May 2026. Public Works staff previously requested Measure P funds for pavement activities during the mid-year budget process. However, due to the long lead times needed to design, bid, and award contracts before the paving season, this request is being made now to ensure funding is secured in time. Moving forward, staff will request funding for paving activities once annually during the budget preparation process, rather than through mid-year adjustments.

**End Date:** October 2026

---

### 3. Financial Overview

**Total Cost:** \$1M now with the expectation of returning in November to request the \$11M for construction.

**End of Useful Life (for equipment):** 8-20 years (for the pavement treatments) as there will be a mix of surface treatments and major roadway rehab.

---

### 4. Procurement Method

**Existing Contract or New RFP?:** The engineering will be done through existing on-call contract with Nichols Consulting Engineers who we intend to use each year for the next three years until their on-call contract is re-bid. The construction contracts will be competitively bid.

---

### 5. Funding Sources

**Alternate Funding Sources Identified:** Annual paving program is also supplemented with Gas Tax funding

**Conditions or Restrictions of Alternate Funding:** Gas Tax is limited to ~\$6M/year and also funds many other aspects of our right-of-way maintenance (traffic signs, signals, potholes, CIP projects, ADA curb ramps, sidewalk replacement, street sweeping, maintenance staffing), so only \$1-2M would be available as supplement for this.

---

### 6. Budgetary Alignment

**Included in Current Annual Budget:** \$10M of Measure P funding was approved for the 2025 paving project. Approximately \$4.1M of other budget, mainly Capital Outlay and Gas Tax (HUTA, RMRA) budget, was appropriated to other specific streets/transportation (including pedestrian safety) projects in FY2024-25.

---

## 7. Implementation Details

**Location (Where):** Plan for 2026 is still in the works as we have to focus our time on getting the 2025 projects out to bid and into construction.

**Implemented By:** PW Engineering with consultant support from NCE

**Vetted by Local Expert:**

---

## 8. Community Impact

**Who Benefits:** This project benefits all members of the community who travel outside their homes. It triggers ADA upgrades, improving accessibility and safety for pedestrians by reducing tripping hazards. Smoother roads enhance transit bus operations, provide a safer and more comfortable experience for cyclists, and improve driving conditions for motorists and commercial vehicles alike.

**Estimated Number of People Impacted:** 120,000 Vallejo residents and anyone visiting the city.

*[Approximate number]*

**Demographic Impacted:** All

*[seniors, youth, low-income households, etc.]*

**Related Council Requests:** Repairing and maintaining roads is an ongoing priority.

*[List any councilmembers who have raised this issue or submitted a request]*

**Relevant Commissions Involved:** Planning Commission – this body ensures project alignment with the City’s General Plan and community goals.

*[Planning, Public Safety, Economic Dev. etc.]*

**RESOLUTION NO. 25-\_\_\_\_\_**

**A RESOLUTION OF THE CITY OF VALLEJO MEASURE P OVERSIGHT COMMITTEE  
RECOMMENDING THAT THE CITY COUNCIL AUTHORIZE UP TO \$1,000,000 FOR  
ENGINEERING THE ROADWAY PAVING RESTORATION AND RENEWAL EFFORTS IN 2026**

**WHEREAS**, in March 2024, City Council authorized the City Manager to pursue a bond issuance of up to \$120 million to fund 9 years of increased investment in Vallejo’s streets. However, due to change-over in City management, a new City Council being elected, and advancement of plans for reconstruction of the Vallejo Police Building, City leadership has elected to defer decisions on bonding actions; and

**WHEREAS**, the City of Vallejo Public Works Department is working with Nichols Consulting Engineers (NCE) to develop a major paving project for 2026 that will include both a surface seal project for local and residential streets, and also a pavement rehabilitation project for arterial and major collector roadways that carry heavier traffic loads; and

**WHEREAS**, in order to keep the annual pavement preservation efforts going, Public Works is asking for an additional direct allocation of Measure P funding in the amount of \$1,000,000 to fund the engineering of the road improvement efforts specified above in calendar year 2026; and

**WHEREAS**, it has been determined this project aligns with Council’s Measure P spending priority of repairing deteriorating roads.

**NOW, THEREFORE, BE IT RESOLVED** that the Measure P Oversight Committee hereby recommends to the City Council that it allocate up to \$1,000,000 of Measure P funds In Fiscal Year 2025-2026 for engineering road improvement efforts in 2026.
