

A SPACE FOR VOICE & HEALING

VIRTUAL CITY OF VALLEJO TOWN HALL ON COMMUNITY TRAUMA

Please join us for this virtual Town Hall, sponsored by the City of Vallejo and held in partnership with Solano County Behavioral Health, to allow an opportunity to dialogue around the recent traumas experienced in our Country and locally in the City of Vallejo and how these experiences can impact one's mental health. Here is what you can expect:

- Learn about local disparities and impacts on communities of color – particularly the Black community – and how this is linked to trauma
- Small breakout sessions to allow an opportunity for the community voice to be heard
- Behavioral Health and other community resources

This meeting will be held in English, however efforts will be made to facilitate small breakout groups in Spanish and Tagalog, provided that need is identified per the participant registration
