Close as Interstate 80 Six Bridges
Project Continues
Public Informational Meeting
Starts at 5:30 PM on Tuesday,
August 31, 2021**

Caltrans Bay Area is continuing its work on increasing the vertical clearance on six bridges which cross over Interstate 80 (I-80) in the City of Vallejo just north of the Carquinez Bridge.

Caltrans is in the final stages of raising Magazine Street overcrossing and will be re-opening to the traveling public by September 2021.

Once Magazine Street is back open, Caltrans will shift its work towards Benicia Road overcrossing, which will be the next bridge to be raised to meet the current vertical clearance design standard of 16 feet 6 inches.

Caltrans plans to close Benicia Road in September 2021, a complete four-month closure of Benicia Road at I-80 is anticipated to start sometime in early September 2021.

The six bridges are on I-80 just east of the Carquinez Bridge and will be worked on in this order: Springs Road (completed), Magazine Street (end of August 2021), Benicia Road, Georgia Street, Tennessee Street and Redwood Street.

The six bridges do not meet the current vertical clearance design standard of 16 feet 6 inches.

BENICIA ROAD BRIDGE CLOSED AT I-80 BEGINNING FALL 2021

To ensure worker and public safety, westbound and eastbound Benicia Road will be closed to the traveling public for 4 months in the beginning of Sept. 2021 until January 2022.
