APPELLANT/PROPERTY OWNER: Caren Rubin-Brown

RECOMMENDATION

Based upon the evidence presented, staff recommends that the Code Enforcement Appeals Board uphold the Third Administrative Citation and direct continued enforcement until the appellant complies with Vallejo Municipal Code Section 7.54.030 A, C, K and S.

BACKGROUND

Interim Code Manager Orlando Givens opened the case on July 25, 2023. Photographs were taken on July 25, 2023 by Mr. Givens from the public right-of-way which document the vacant property, boarded up windows and door, the overgrown vegetation, and the maintenance of the property as to constitute a public nuisance, which are violations of VMC Section 7.54.030 A, C, K and S.

On July 25, 2023, Code Manager Dong Yoo verified property ownership on PropertyRadar and sent a Warning Notice by regular and certified U.S. mail to the property owner which stated that during an inspection on July 25, 2023 violations of the Vallejo Municipal Code had been observed and documented. Specifically, the Warning Notice detailed that the building was vacant, had broken windows and boards that were unpainted as well as overgrown weeds and vegetation (VMC 7.54.030 A, C, K) and the property was being maintained in a blighted condition, constituting a public nuisance (VMC 7.54.030 S). The Warning Notice provided a deadline for the property owner to remediate the detailed violations by August 29, 2023. On August 11, 2023, a complaint was received via email to Code Enforcement that squatters had broken into the property.

On September 12, 2023, after the deadline listed in the Warning Notice, Code Officer Sophia Valenti re-inspected the property and documented that no progress was made and now the alley side fence was starting to fall over. She verified property ownership on RealQuest and issued a Notice of Violation by regular and certified U.S. mail on September 12, 2023, to the property owner. The Notice of Violation provided a deadline for the property owner to remediate the detailed violations by October 16, 2023. The appeal deadline for the Notice of Violation is within thirty (30) days of the effective date of the notice which was October 12, 2023. No appeal was received for this Notice of Violation.

On September 14, 2023, Code Officer Valenti went to the property and posted the Notice of Violation. On October 24, 2023, after the deadline listed in the Notice of Violation, Code Officer Valenti re-inspected the property and documented that no progress was made at the property. She verified property ownership on RealQuest and issued a First Administrative Citation by regular and certified U.S. mail on October 24, 2023 to the property owner. The First Administrative Citation provided a deadline for the property owner to remediate the detailed violations by December 4, 2023. On October 27, 2023 Code Officer Valenti went to the property and posted the First Administrative Citation. There was an individual that appeared to be either deceased or medically unwell on the front porch. VPD Dispatch was called to do a wellness check.

The appeal deadline for the First Administrative Citation is within thirty (30) days of the effective date of the notice which was November 24, 2023. No appeal was received for the First Administrative Citation. On December 6, 2023, after the deadline listed in the First Administrative Citation, Code Officer Valenti re-inspected the property and documented that the property had fallen into worse shape. The fence on Quincy Alley had broken more and now the backyard was visible as well. More trash had been dumped along the alley side where the fence was missing as well. A squatter was exiting the rear of the property during the inspection and released the dog from its leash which allowed it to run and jump at the code officer's vehicle. The windows were closed, keeping the officer safe. Code Officer Valenti verified property ownership on RealQuest and issued a Second Administrative Citation by regular and certified U.S. mail on December 6, 2023. The Second Administrative Citation provided a deadline for the property owner to remediate the detailed violations by January 11, 2024.

The appeal deadline for the Second Administrative Citation is within thirty (30) days of the effective date of the notice which was January 6, 2024. No appeal was received for the Second Administrative Citation.

On December 12, 2023, Code Officer Valenti went to the property and posted the Second Administrative Citation.

On December 21, 2023, Assistant City Attorney Kristoffer Jacob sent a Nuisance Letter to the property owner via first class and regular mail.

On January 13, 2024, Mr. Jacob contacted the property owner via email to provide the Nuisance Letter and give the deadline of January 19, 2024 to contact him to discuss.

On January 23, 2024, after the deadline listed in the Second Administrative Citation, Code Officer Valenti re-inspected the property and documented that no improvements from previous months were made to the property and now trash had accumulated to the front porch of the property indicating that someone was living on the porch. She verified property ownership on RealQuest and issued a Third Administrative Citation by regular and certified U.S. mail on January 23, 2024 to the property owner. The Third Administrative Citation provided a deadline for the property owner to remediate the detailed violations by March 1, 2024.

On January 24, 2024, Code Officer Valenti provided via email to the property owner the previous violation letters as requested by the property owner via email to Mr. Jacob.

On February 6, 2024, Code Officer Valenti posted a Notice and Order with Mr. Jacob at the property.

On February 15, 2024, Code Officer Valenti and Mr. Jacob met with Property Owner Rubin-Brown, her partner, and her Contractor to go over the violations, how to abate them and what kind of drawings to bring with her meeting with the Building Division the following Thursday to get started on the permit process. Code Officer Valenti explained that starting the permit process shows a good faith effort of getting the property ready for rehabilitation.

Ms. Rubin-Brown had started erecting a new fence that appeared to be over the height maximum for the location and Code Officer Valenti referred her to the Planning Division before she got any further in the process. On the same day, Ms. Rubin-Brown emailed Administrative Analyst Karen Ang requesting a payment plan.

On February 21, 2024, the payment plan along with an invoice summary breaking down the fines owed were e-mailed to the property owner. Property Owner Rubin-Brown replied on the same day stating that she would not be able to afford the approximately \$700 monthly payments and requested a reduction.

On February 26, 2024, Analyst Ang met with Code Manager Yoo to review the property owner's request and the request was approved to extend the plan to two years (24 months) instead of one year (12 months) which would result in \$342.50 per month for 23 months and \$342.35 for the final (24th) month. The first month's payment would be due on March 15, 2024. This information was e-mailed to the Property Owner immediately after the meeting.

On February 27, 2024, Ms. Rubin-Brown visited our office and requested a copy of all notices that were sent out for this case which Analyst Ang then processed as a public records request via the *NextRequest* website.

On February 29, 2024, Ms. Rubin-Brown submitted an appeal for the Third Administrative Citation which was accepted per Code Manager Yoo past the regular appeals time period due to the delayed staff response to the property owner's request for an extended payment plan.

The appeal request form was approved and appeal fee waiver form was granted by Code Manager Yoo on March 5, 2024. A Regular Hearing Notice was sent on March 6, 2024 by regular and certified U.S. mail to the property owner.

It is the recommendation of the Code Enforcement Division that the Board uphold the Third Administrative Citation and related fines and direct that the owner bring the property into compliance within 30 days from this hearing. The appeal period for the first and second Administrative Citation fines passed with no timely appeal and those fines are due.

Any property owner may appeal the Notice of Violation and may request a hearing before the Code Enforcement Appeals Board (Board) as follows:

1. An appeal form shall be obtained from the Code Enforcement Division office. **The completed appeal form shall be filed with the Code Enforcement Division Manager or Designee (Manager/Designee) via the Code Enforcement Division within thirty (30) days of the effective date of the notice of violation together with a non-refundable appeal fee of \$509.23, as established by resolution by the City Council, or a request for an appeal fee waiver form.** Both forms are available online at <https://www.cityofvallejo.net/cms/One.aspx?portalId=16925451&pageId=19486567>, or you may contact Code Enforcement to request pick up or have the forms sent to you via email or regular mail.
2. Only after the completed appeal form has been submitted with the appeal fee or with an *approved* appeal fee waiver shall the Manager/Designee set the date for a hearing. The hearing shall be set for a date not less than fifteen (15) days nor more than sixty (60) days after the Manager/Designee received the request.
3. The appellant may request one continuance, but in no event shall the hearing be continued more than thirty (30) days after the date of the originally scheduled hearing unless the Manager/Designee finds circumstances of hardship warrant a longer continuance not to exceed ninety (90) days after the date of the originally scheduled hearing.
4. The appellant shall be notified by certified mail of the date, time and place set for the hearing. Such notice shall be sent at least ten (10) days prior to the date of the hearing. The notice shall include a statement that if the violation is found to be a public nuisance and the violation is not substantially abated, then the city may pursue any and all legal and equitable remedies for the recovery of unpaid abatement costs and administrative charges. The notice shall be sent to the appellant at the address provided on the completed appeal form. Failure of the appellant to receive such notice shall not affect the validity of any proceedings taken under Chapter 7.54 of the Vallejo Municipal Code.
5. Any documentation, other than the Notice of Violation, which the Manager/Designee has submitted or will submit to the Code Enforcement Appeals Board, shall be served on the appellant at least three (3) days before the hearing.

Failure of any property owner to file an appeal in accordance with the provisions of Section 7.54.080 of the Vallejo Municipal Code shall be deemed to waive his or her right to an appeal hearing.

Appeal Fee Waiver. Any property owner who requests a hearing to appeal a notice of violation and is financially unable to pay the appeal fee may file a request for an appeal fee waiver as follows:

1. The request for waiver shall be made on a form obtained from the Code Enforcement Division and submitted to the Manager/Designee within fifteen (15) days of the effective date of the notice of violation.
2. 3. The Manager/Designee shall issue a written decision specifying the reasons for issuing or not issuing the waiver within ten (10) days of the receipt of the request. The decision of the Manager/Designee shall be final.
4. If the Manager/Designee determines a waiver is not warranted, the property owner shall remit the appeal fee within ten (10) days of the determination. If the Code Enforcement Division does not receive the appeal fee within this time period, the request for hearing shall not be accepted and shall constitute a failure of the property owner to exhaust his or her administrative remedies.

A failure to appear at the administrative citation hearing shall constitute a forfeiture of the fine and shall be deemed a waiver of your right to an administrative hearing. The Code Enforcement Appeals Board (Board) or Hearing Officer's decision shall be final. You may seek judicial review of the decision of the Board or hearing officer by filing a petition with a court of competent jurisdiction pursuant to California Code of Civil Procedure §1094.5 and §1094.6.

ADVANCE DEPOSIT WAIVER

If you contend that you are financially unable to make the advance fine deposit required to request a hearing of your Administrative Citation, you must file a request for Advance Fine Deposit Waiver. The request form may be obtained from the citing department and must be submitted within fifteen (15) days of the date of the citation. This form together with supporting documentation must be filed with the Hearing Request Form. The decision specifying the reasons for issuing or not issuing the waiver will be made in writing by the director (or his/her designee) of the citing department. The written determination shall be final and shall be served upon the person who applied for the waiver. If the director decides not to issue a waiver, the advance fine deposit shall be remitted within 10 days of the decision. If the advance fine deposit is not received by the citing department by this date, the request for hearing shall not be accepted and you shall be deemed to have waived your right to an administrative hearing.

HOW TO PAY THE FINE

The amount of the fine is indicated on the front of this administrative citation. **If the fine is not paid within 30 calendar days from the date of the citation, a \$503.93 administrative charge will be imposed.** All forms of payment may be made in person at the Vallejo City Hall – Cashier's Office or by mail addressed to the Code Enforcement, 555 Santa Clara Street, Vallejo, CA 94590. To pay online, visit <https://vall-trk.aspgov.com/eTRAKiT/> and under the Violations section click "Pay Fees," select the New Users "Click Here" link to register and follow instructions for payment. The cashier does not accept card payments. All other forms of payment are accepted by the cashier if submitted along with this notice. If paying by mail, please **enclose a copy of this Administrative Citation** along with a personal check, cashier's check or money order, payable to the **City of Vallejo – Account No. 001-1503-310.36-13**. If paying in person, be sure to bring the citation with you, and **write the Citation Number** on your check or money order. **If you have any questions or concerns, please contact our office. If you are unable to pay the fine amount in full, please contact Code Enforcement to discuss the option of a payment plan.**

CONSEQUENCES OF FAILURE TO PAY THE FEE

Any unpaid fees and/or costs may be recovered by the City through a lien or declared a special assessment against the subject property. Alternatively, the City may collect the fee and/or costs in a civil court action. Any person who fails to pay any fee and/or costs shall be liable in any action brought by the City for costs incurred in securing payment of the delinquent amount.

CONSEQUENCES OF FAILURE TO CORRECT VIOLATIONS

There are numerous enforcement options that can be used to encourage the correction of violations. These options include, but are not limited to, civil penalties, abatement, criminal prosecution, civil litigation, recording the violation with the County Recorder and forfeiture of certain State tax benefits for substandard residential rental property. These options can empower the City to collect fines, fees, demolish structures, make necessary repairs at the owner's expense, and incarcerate violators. Any of these options or others may be used if the notice and/or citations do not result in the achievement of compliance. If you need further clarification, please call the Department listed on the front of the citation.

RE: Nuisance at 1615 Sutter Street, Vallejo, California 94590

Dear Caren Rubin-Brown:

Please be on notice that the City of Vallejo ("City") is placing **1615 Sutter Street, Vallejo, California 94590** ("Property") in the City's Nuisance Action List in response to nuisance conditions on the Property. Please review the information below and contact me at (707) 648-4147 **by 5:00 p.m. on January 5, 2024**, to discuss the actions you will be taking to abate the nuisance conditions on the Property.

A. Nuisance Conditions

The Property is in violation of the following sections of the Vallejo Municipal Code ("VMC"):

- VMC § 7.54.030(A): Prohibits vacant and/or unsecured buildings;
- VMC § 7.54.030(C): Prohibits windows with broken glass or no glass;
- VMC § 7.54.030(K): Prohibits dead, decayed, diseased or otherwise hazardous trees, weeds or overgrown vegetation;
- VMC § 7.54.030(M): Prohibits any wall, fence or hedge maintained in a condition of deterioration or disrepair as to constitute a hazard to persons on property; and
- VMC § 7.54.030(S): Prohibits maintenance of property in such a manner as to constitute a public nuisance.

The above-described conditions at the Property are negatively impacting the surrounding community and preventing neighboring property owners from using and enjoying their own

property as they otherwise would. The conditions are also causing a considerable amount of limited municipal resources to be repeatedly directed to the Property.

The Property has maintained nuisance conditions as early as July 2023, when Code Enforcement mailed you a Warning Notice in Case No. CE23-0740. You have not only failed to abate any of the violations but allowed the conditions to get worse to the detriment of public safety and welfare. The Property has now become a source of blight for the community.

B. Abating the Nuisance

There are numerous ways to address the nuisance conditions on the Property. The following are a few suggestions for you to consider:

- Secure the building to prevent illegal entry;
- Replace all broken windows, paint the boards covering the windows and the door of the building;
- Cut and remove all overgrown weeds and vegetation on the property, as well as along the sidewalk and alley;
- Repair, replace or remove the deteriorate fence;
- Remove all junk and debris maintained in the front, rear, and side yards or otherwise visible to the public;
- Correct all property maintenance violations and maintain the property so that such violations do not repeatedly occur;
- Sell or rent the Property to someone who will use it in a productive manner; and
- Take responsibility for your property and contribute to improving the quality of life in the neighborhood.

The list above represents only suggested actions to address the problem. You may need to take additional actions to adequately abate the nuisance conditions.

C. Failure to Abate the Nuisance

If the nuisance conditions persist, the City may take legal action to correct the various conditions. The City may seek the appointment of a Health and Safety Receiver under Health and Safety Code § 17980.7. The City may also elect to file a civil lawsuit against you under California Civil Code § 3480 (Public Nuisance). Those laws authorize the City to bring a lawsuit against the

owner of the property where a public nuisance is occurring, regardless of whether or not the owner currently lives on the property or is complicit in the activity. Such a lawsuit would also include tenants and frequent guests.

In such a lawsuit, the reputation of the property in the community is admissible. Once a judge determines that one or more of the above statutes was violated, your rights, and the use of the property may be severely affected. The property could be boarded up and ordered not to be used for any purpose for one year. In addition, the law provides harsh financial ramifications, including a civil fine of up to \$25,000.00, in addition to paying the City's attorneys' fees and the police costs of investigation, which may be substantial.

D. Summary

It is as important to the public health, safety and welfare of the community that you abate the nuisance-creating behaviors and the nuisance-creating physical conditions. The City requests that you take action to abate any nuisance conditions present on the Property and take further action to ensure such activity does not reoccur.

Please contact me at (707) 648-4147 by 5:00 p.m. on January 5, 2024, to discuss the activity at the property, and the steps you have taken or will be taking to address the nuisance.

Sincerely,

Kristoffer S. Jacob

Hi Kristoffer,

I never received any of these notices until you emailed me but all other mail has been forwarded to my address per USPS records. I will need to speak with my contractor first and apprise him of the latest details you e provided me. Also, please provide me with the date of inspection, if it has been scheduled prior to the date of the physical appearance of the inspector. I'll await those details.

Per Kristoffer's advice, Sophia and Karen, can you please email me any future code violations as I do not receive mail at my property 1615 Sutter st so that I may pass this information along to my contractor?

Thank you,

Caren Rubin-Brown

Ms. Rubin-Brown,

Thank you for the itinerary confirming your return.

Having your contractor inspect the property and perform any necessary work are good initial steps to abate the violations on the property. Please provide me with your contractor's contact information, so that I can reach out to him to confirm any anticipated work on the property. Do you have a timeframe when you intend to have your contractor assess the conditions on the property? Please also let me know when I should reach out to your contractor, presumably after you've advised him that a City of Vallejo employee will reach out to him to speak with him about the conditions on the property.

The City is moving "swiftly" on your property because of the existing conditions on your property. City records indicate that Code Enforcement mailed you notice of the violations as early as July 25, 2023. And, it seems as though contrary to your claim, USPS does not have a forwarding address for you because all the notices were returned as undeliverable. Nonetheless, it is your responsibility as the property owner to be generally apprised of the conditions on your property. Code Enforcement also mailed you notice consistent with the Vallejo Municipal Code. Additionally, neighbors have intimated to me that they have continued to apprise you of the conditions on the property but that you have failed to act on their concerns. Thus, the City's action now is the culmination of all prior notices. And, as an aside, your remark how the City is now moving "swiftly" on your property suggests to me that you have not been attending to your property. If you were regularly monitoring the status of your property, you would know how the conditions on your property have significantly deteriorated in the past months.

I understand that you may have frustrations with the lack of assistance from Vallejo Police Department. However, as a public agency, they are not legally required to eject trespassers, nor are they required to act as basically a private security for vacant properties. They may, of course, assist you in ejecting trespassers, but that will depend on the available resources on their end. And, ultimately, as I have highlighted in my previous emails, the property is yours and the onus is on you as the owner of the property to ensure that it is free of violations, including squatters.

As to future notices from the City Attorney's Officer concerning the receivership petition, I will communicate with you here. **However, if you wish to receive future notices from Code Enforcement concerning the specific violations on your property by email, please email Karen.Ang@cityofvallejo.net and Sophia.Valenti@cityofvallejo.net.** Please be advised that your property is up for reinspection next week, so expect a notice of violation or citation from Code Enforcement for the violations on your property.

And another thing Kristoffer, my wife and I spoke with Hampton Jackson as part of our efforts to remove the trespassers by filing paperwork to which he promptly told us a city ordinance for the police to remove trespassers does not exist. This was in November 2023. You can ask him about it. He'll remember since my wife accused the city of being corrupt. Thereby, I ask again, what can be done if the police do not show to remove trespassers and the city does not enforce no trespassing on private property? The last time I tried to remove trespassers from my property, alone, I was in danger for my life and the police showed up 9 hours later.

Hi Kristoffer,

Please find evidence of my return attached. Since this is the first notice I've received; I did not receive any prior notices and this notice was backdated to January 5, 2024 although I received it January 13th, I assume the city will continue to send me notices at the time of their drafting to allow my response in an expeditious manner?

I do have a contractor going by my property to see what can be done since I do intend to move back into the property. I can provide you with their contact information once I confirm with him the date he is going to start repairs (re: boarding up the property).

Let me know if you have any other concerns to share. Please confirm receipt of my evidence attached re: my return to the US to abate the violations.

And just curious , is the city moving swiftly on my property because of the election year? It seems rather curious that all my neighbors concerns, and mine, have never been addressed before, but now, suddenly, two months is too long to wait when these violations to my property have happened for 27! Something's afoot. I've secured this property multiple times, have called the police at least 40 times to remove trespassers, and have installed cameras. The crime continues. You have not provided any suggestions for removing trespassers from my property other than a private expense. What can the city do, e.g. law enforcement, to assist home owners in the safeguarding of their properties? I call the police and they don't show. Are private security firms contracted by homeowners the only solution? What are my taxes for then?

Sincerely seeking solutions,

Ms. Rubin-Brown,

Thank you for the information.

However, I am not inclined on putting a hold on the City's intent to place this property on receivership. I drove by the property earlier today and the state of the property is truly deplorable, and to ask the community and your neighbors to continue to wait for two more months and to live with the conditions is not acceptable. You were notified of the violations on the property several months ago, and the violations to date remain unabated and have significantly worsened. I therefore ask that you work on addressing the violations promptly and to not wait until your return two months later.

With the above being said, please provide me with evidence that you intend to return to the City to address the violations. This could be in the form of a plane ticket to verify the veracity of your statement. The City is still early on with the receivership process, so the City will need to provide you with several more notices—I will forward the notices to you here so that you are timely apprised of all the City's actions with respect to the receivership petition. If at any time in the process the City is satisfied with your efforts in abating the violations, the City will consider staying the receivership petition.

As to what you can do to address the violations, I understand that this is a reoccurring problem, but it is still your responsibility as the property owner to ensure that your property is free of any violations. I note that the significant and repeated issues seem to be concerning the property being vacant and unsecured, and these conditions have invited squatters. I also note that there appears to be squatters on the property now. Some suggestions to consider would be to board up the property again and to prepare the property for occupation, so that the property will not remain vacant and a target for squatters. You should also consider hiring a property manager to regularly check on the property and to eject any squatters

immediately, rather than allowing the violations to fester for long periods of time.

Hi Kristoffer,

I have received your letter concerning my property at 1615 Sutter st in Vallejo. I am currently out of the country and will be returning to the property to abate these violations on March 17th 2024. I understand the City of Vallejo's position but I have secured this property multiple times and the police fail to respond when I call them to remove trespassers from my property. What is a homeowner to do if the police in this city do not respond to repeated violations and trespassers? Do you have suggestions that can circumvent the lack of police presence in a city like Vallejo where transients contribute to the blight by repeatedly breaking into my secured property? I also went to the district attorney's office to file no trespassing paperwork where I was told that there is no such city ordinance where the police

have to remove trespassers from my property. I then went to the police station on Amador st where they told me they do not remove trespassers from private properties. They told me to ask the district attorney, to which I returned to the office on Santa Clara st and asked them what to do. A lawyer from the D.A. 's office promptly told me the aforementioned city ordinance does not exist and is not enforced. I'm totally open to suggestions.

Who am I to call to report trespassers so I can begin the abatement procedures outlined? If not the police, can you help me with options?

I will be back in Vallejo at the aforementioned date where I plan to fix up the house and move back into it. Please let me know if there are any other questions or concerns you may have. I'm happy to start the process of returning my home to livable condition. You can contact me anytime at this email address.

ADMINISTRATIVE CITATION

City of Vallejo Municipal Code, Chapter 1.15, provides for the issuance of administrative citations for Municipal Code violations. The level of the citation and fine is indicated on the front of the citation. Each Municipal Code section violated is a separate offense with an independent fine. Likewise, each day any violation exists is a separate and distinct offense. Fines per each Municipal Code section violated are as follows: First Citation \$283.26, Second Citation \$566.52, Third and subsequent citations \$850.84.

RIGHTS OF APPEAL

You have the right to appeal this administrative citation within 30 calendar days from the date of the citation. The failure of any person to file a request for hearing shall be deemed to have waived his or her right to an administrative hearing. A request for hearing form shall be obtained from the citing department listed near the bottom of the Administrative Citation. This request must be accompanied by an advance deposit of the imposed fine or a request for an Advance Fine Deposit Waiver as explained below. You will be sent a written notice of the date and time set for your hearing. A failure to appear at the administrative citation hearing shall constitute a forfeiture of the fine and shall be deemed a waiver of your right to an administrative hearing. The Code Enforcement Appeals Board (Board) or Hearing Officer's decision shall be final. You may seek judicial review of the decision of the Board or hearing officer by filing a petition with a court of competent jurisdiction pursuant to California Code of Civil Procedure §1094.5 and §1094.6.

ADVANCE DEPOSIT WAIVER

If you contend that you are financially unable to make the advance fine deposit required to request a hearing of your Administrative Citation, you must file a request for Advance Fine Deposit Waiver. The request form may be obtained from the citing department and must be submitted within fifteen (15) days of the date of the citation. This form together with supporting documentation must be filed with the Hearing Request Form. The decision specifying the reasons for issuing or not issuing the waiver will be made in writing by the director (or his/her designee) of the citing department. The written determination shall be final and shall be served upon the person who applied for the waiver. If the director decides not to issue a waiver, the advance fine deposit shall be remitted within 10 days of the decision. If the advance fine deposit is not received by the citing department by this date, the request for hearing shall not be accepted and you shall be deemed to have waived your right to an administrative hearing.

HOW TO PAY THE FINE

The amount of the fine is indicated on the front of this administrative citation. **If the fine is not paid within 30 calendar days from the date of the citation, a \$503.93 administrative charge will be imposed.** All forms of payment may be made in person at the Vallejo City Hall – Cashier's Office or by mail addressed to the Code Enforcement, 555 Santa Clara Street, Vallejo, CA 94590. To pay online, visit <https://vall-trk.aspgov.com/eTRAKiT/> and under the Violations section click "Pay Fees," select the New Users "Click Here" link to register and follow instructions for payment. The cashier does not accept card payments. All other forms of payment are accepted by the cashier if submitted along with this notice. If paying by mail, please **enclose a copy of this Administrative Citation** along with a personal check, cashier's check or money order, payable to the **City of Vallejo – Account No. 001-1503-310.36-13**. If paying in person, be sure to bring the citation with you, and **write the Citation Number** on your check or money order. **If you have any questions or concerns, please contact our office. If you are unable to pay the fine amount in full, please contact Code Enforcement to discuss the option of a payment plan.**

CONSEQUENCES OF FAILURE TO PAY THE FEE

Any unpaid fees and/or costs may be recovered by the City through a lien or declared a special assessment against the subject property. Alternatively, the City may collect the fee and/or costs in a civil court action. Any person who fails to pay any fee and/or costs shall be liable in any action brought by the City for costs incurred in securing payment of the delinquent amount.

CONSEQUENCES OF FAILURE TO CORRECT VIOLATIONS

There are numerous enforcement options that can be used to encourage the correction of violations. These options include, but are not limited to, civil penalties, abatement, criminal prosecution, civil litigation, recording the violation with the County Recorder and forfeiture of certain State tax benefits for substandard residential rental property. These options can empower the City to collect fines, fees, demolish structures, make necessary repairs at the owner's expense, and incarcerate violators. Any of these options or others may be used if the notice and/or citations do not result in the achievement of compliance. If you need further clarification, please call the Department listed on the front of the citation.

Hi Kristoffer,

-

I never received any of these notices until you emailed me but all other mail has been forwarded to my address per USPS records. I will need to speak with my contractor first and apprise him of the latest details you e provided me. Also, please provide me with the date of inspection, if it has been scheduled prior to the date of the physical appearance of the inspector. I'll await those details.

-

Per Kristoffer's advice, Sophia and Karen, can you please email me any future code violations as I do not receive mail at my property 1615 Sutter st so that I may pass this information along to my contractor?

-

Thank you,

Ms. Rubin-Brown,

Thank you for the itinerary confirming your return.

-

Having your contractor inspect the property and perform any necessary work are good initial steps to abate the violations on the property. Please provide me with your contractor's contact information, so that I can reach out to him to confirm any anticipated work on the property. Do you have a timeframe when you intend to have your contractor assess the conditions on the property? Please also let me know when I should reach out to your contractor, presumably after you've advised him that a City of Vallejo employee will reach out to him to speak with him about the conditions on the property.

-

The City is moving "swiftly" on your property because of the existing conditions on your property. City records indicate that Code Enforcement mailed you notice of the violations as early as July 25, 2023. And, it seems as though contrary to your claim, USPS does not have a forwarding address for you because all the notices were returned as undeliverable. Nonetheless, it is your responsibility as the property owner to be generally apprised of the conditions on your property. Code Enforcement also mailed you notice consistent with the Vallejo Municipal Code. Additionally, neighbors have intimated to me that they have

continued to apprise you of the conditions on the property but that you have failed to act on their concerns. Thus, the City's action now is the culmination of all prior notices. And, as an aside, your remark how the City is now moving "swiftly" on your property suggests to me that you have not been attending to your property. If you were regularly monitoring the status of your property, you would know how the conditions on your property have significantly deteriorated in the past months.

-
I understand that you may have frustrations with the lack of assistance from Vallejo Police Department. However, as a public agency, they are not legally required to eject trespassers, nor are they required to act as basically a private security for vacant properties. They may, of course, assist you in ejecting trespassers, but that will depend on the available resources on their end. And, ultimately, as I have highlighted in my previous emails, the property is yours and the onus is on you as the owner of the property to ensure that it is free of violations, including squatters.

-
As to future notices from the City Attorney's Officer concerning the receivership petition, I will communicate with you here. **However, if you wish to receive future notices from Code Enforcement concerning the specific violations on your property by email, please email Karen.Ang@cityofvallejo.net and Sophia.Valenti@cityofvallejo.net.** Please be advised that your property is up for reinspection next week, so expect a notice of violation or citation from Code Enforcement for the violations on your property.

And another thing Kristoffer, my wife and I spoke with Hampton Jackson as part of our efforts to remove the trespassers by filing paperwork to which he promptly told us a city ordinance for the police to remove trespassers does not exist. This was in November 2023. You can ask him about it. He'll remember since my wife accused the city of being corrupt.

Thereby, I ask again, what can be done if the police do not show to remove trespassers and the city does not enforce no trespassing on private property? The last time I tried to remove trespassers from my property, alone, I was in danger for my life and the police showed up 9 hours later.

Since this is the first notice I've received; I did not receive any prior notices and this notice was backdated to January 5, 2024 although I received it January 13th, I assume the city will continue to send me notices at the time of their drafting to allow my response in an expeditious manner?

I do have a contractor going by my property to see what can be done since I do intend to move back into the property. I can provide you with their contact information once I confirm with him the date he is going to start repairs (re: boarding up the property).

Let me know if you have any other concerns to share. Please confirm receipt of my evidence attached re: my return to the US to abate the violations.

-
And just curious , is the city moving swiftly on my property because of the election year? It seems rather curious that all my neighbors concerns, and mine, have never been addressed before, but now, suddenly, two months is too long to wait when these violations to my property have happened for 27! Something's afoot. I've secured this property multiple times, have called the police at least 40 times to remove trespassers, and have installed cameras. The crime continues. You have not provided any suggestions for removing trespassers from my property other than a private expense. What can the city do, e.g. law enforcement, to assist home owners in the safeguarding of their properties? I call the police and they don't show. Are private security firms contracted by homeowners the only solution? What are my taxes for then?

Sincerely seeking solutions.

Thank you for the information.

-
However, I am not inclined on putting a hold on the City's intent to place this property on receivership. I drove by the property earlier today and the state of the property is truly deplorable, and to ask the community and your neighbors to continue to wait for two more months and to live with the conditions is not acceptable. You were notified of the violations on the property several months ago, and the violations to date remain unabated and have significantly worsened. I therefore ask that you work on addressing the violations promptly and to not wait until your return two months later.

-
With the above being said, please provide me with evidence that you intend to return to the City to address the violations. This could be in the form of a plane ticket to verify the veracity of your statement. The City is still early on with the receivership process, so the City will need to provide you with several more notices —I will forward the notices to you here so that you are timely apprised of all the City's actions with respect to the receivership petition. If at any time in the process the City is satisfied with your efforts in abating the violations, the City will consider staying the receivership petition.

-
As to what you can do to address the violations, I understand that this is a reoccurring problem, but it is still your responsibility as the property owner to ensure that your property is free of any violations. I note that the significant and repeated issues seem to be concerning the property being vacant and unsecured, and these conditions have invited squatters. I also note that there appears to be squatters on the property now. Some suggestions to consider would be to board up the property again and to prepare the property for occupation, so that the property will not remain vacant and a target for squatters. You should also consider hiring a property manager to regularly check on the property and to eject any squatters immediately, rather than allowing the violations to fester for long periods of time.

Hi Kristoffer,

-

I have received your letter concerning my property at 1615 Sutter st in Vallejo. I am currently out of the country and will be returning to the property to abate these violations on March 17th 2024. I understand the City of Vallejo's position but I have secured this property multiple times and the police fail to respond when I call them to remove trespassers from my property. What is a homeowner to do if the police in this city do not respond to repeated violations and trespassers? Do you have suggestions that can circumvent the lack of police presence in a city like Vallejo where transients contribute to the blight by repeatedly breaking into my secured property? I also went to the district attorney's office to file no trespassing paperwork where I was told that there is no such city ordinance where the police have to remove trespassers from my property. I then went to the police station on Amador st where they told me they do not remove trespassers from private properties. They told me to ask the district attorney, to which I returned to the office on Santa Clara st and asked them what to do. A lawyer from the D.A. 's office promptly told me the aforementioned city ordinance does not exist and is not enforced. I'm totally open to suggestions.

-

Who am I to call to report trespassers so I can begin the abatement procedures outlined? If not the police, can you help me with options?

-

I will be back in Vallejo at the aforementioned date where I plan to fix up the house and move back into it. Please let me know if there are any other questions or concerns you may have. I'm happy to start the process of returning my home to livable condition. You can contact me anytime at this email address.

1) Brief statement explaining your legal interest in the subject property (e.g., owner, tenant, etc.):
Owner. I own the property but have not occupied it since November 2021 when there was a fire on my property

2) Brief statement of reason for appeal (together with any material facts to support the appeal):
There was no mailbox at the property when the first 2 citations were issued and there was no attempt to get in contact with me until the 3rd citation was issue therefore I had no chance of recourse to address the abatements for the first two citation. These fees added up without my knowledge. I fought with the insurance company for over 15 months, and they eventually denied my claim. I did not have any knowledge of these fines and I cannot afford to pay over 8K. I would have fixed the property up myself if I had known about the 1st citation bu I was not even contacted via email until the 3rd citation was issued.

3) Statement of why protested order or action should be reversed or modified and what you want the outcome to be:
I am the owner of the property and all of the citation were sent to my address at 1615 Sutter st. There was no mailbox on the property for over a year since the property is unoccupied due to arson. There was no effort to get in touch with me via phone or email until the 3rd citation was issue, there fore I had no chance of recourse to address the initial violations before the fines added up

4) **ALL APPELLANTS MUST SIGN THE FOLLOWING DECLARATION:**

I certify and declare under the penalty of perjury under the laws of the State of California, that the foregoing is true and correct.
