DATE: April 22, 2024
TO: Measure P Oversight Committee
FROM: Gillian Haen, Assistant City Manager
SUBJECT: RECEIVE INFORMATION FROM STAFF FOR PROPOSED MEASURE P FUNDED PROJECT, DISCUSS PROPOSAL AND PROVIDE COMMITTEE'S RECOMMENDATION REPORT TO CITY COUNCIL FOR A FUNDING ALLOCATION OF $4,251,800 FOR CONSTRUCTION OF THE BROADWAY PROJECT

RECOMMENDATION

Receive information from Staff for proposed Measure P funded project, discuss proposal and provide committee's recommendation report to City Council for a funding allocation of $4,251,800 for construction of the Broadway Project.

REASONS FOR RECOMMENDATION

Affordable housing developers typically rely on a variety of County, State, Federal, and local funding sources. Affordable housing projects often fall short of the necessary financing due to the competitiveness of these grants. Funding sources for the acquisition, development, and construction of the Broadway Project come from several sources; however there is still a $6 million gap in funding. This funding gap is predominately due to loss of partner funding for the project.

The Vallejo City Council has adopted Homeless/Unhoused as a multi-year priority area for the City of Vallejo. This project will create 47 permanent supportive housing units (studios) to allow for the chronically homeless to exit homelessness. With homelessness being a priority area for the City and due to the need for additional housing opportunities, the City Council has provided direction that they plan to own the project once construction is completed.

BACKGROUND AND DISCUSSION

On May 10, 2022, the City of Vallejo, along with Firm Foundation Community Housing and Shelter Inc., were designated a California Department of Housing and Community Development Homekey Program ("Homekey") Round 2 Grant of $11,621,866 to develop and build a permanent supportive housing project to house chronically homeless individuals. On June 10, 2022, the Council accepted the grant and amended the City's budget to receive the grant. On June 14, 2022, the Council approved a resolution to appropriate Homekey Round 2 grant funding for the Broadway Project.

The Broadway Project is a permanent supportive modular housing project designed to house the chronically homeless. The estimated total cost of the project is $26.64 million. Construction began on September 19, 2022, and is anticipated to be completed in September 2024. Residents are expected to move in by December 31, 2024. Firm Foundation currently owns the site and manages the project and its construction in compliance with Homekey deliverables and timeline regulations. The Broadway Project will include 47 permanent supportive housing units (studios), an on-site case manager unit, a community room and courtyard. On-site wraparound serviced will be provided to facilitate connections to services, benefits, and community resources.

The existing and anticipated State, City and Housing Authority funding amounts for the Broadway Project are summarized below.
